Quality Center

TFS™

Migrate in **hours** instead of **months**

Convert existing Quality Center (QC) items to  
Microsoft TFS™ 2010/2011<sup>β</sup>

- ✓ Migrate FULL HP Quality Center projects to TFS™ in days
- ✓ Migration of all QC elements (Requirements, Bugs, Test Cases, Attachments and Links between items) to TFS™ and their interrelationships links
- ✓ The most time efficient and cost effective migration process on the market today, saves 90% of migration time
- ✓ Fully customizable (you decide what and how to migrate each item) or fully mirrored migration (migrate everything 'as-is')
- ✓ Reporting system with export to MS-Excel
- ✓ Support for multilingual data
- ✓ Based on proven migration expertise, by SELA - Microsoft Gold Certified Partner

“ If you are looking at adopting TFS and need to look at moving some or all of your QC assets into TFS, Scrat is definitely worth a look “

Brian Harry / Technical Fellow, Microsoft Corporation
